

an intro to my interior design services

£39 - £1,200

Rethinking the flow of a space and imagining interiors are the number one reasons my clients approach me. I've thoughtfully created an accessible, simplified and practical range of services to suit all budgets, project scales and timeframes, by providing **2 categories of space planning** and **4 categories of interior design**. So whatever your personal style, I'm confident these popular services will transform your home. I very much look forward to discussing your project with you.

Space planning

Scroll down to view individual category fees

Furniture floorplan

An affordable, quick and accurate solution in the form of a 2D floorplan. No matter your sense of style, understand your most ideal furniture layout and flow, from an individual room to a kitchen-lounge extension, to a full home.

Mono 3D visualisation

Take it a step further and see your ideal furniture layout and flow in monotone 3D. This is a great service for homeowners confident in their own style, but require 3D special representation. Standard furniture forms are used.

Layout and styling session

A personal 2-hour on-site consultation of immediate tips, tricks and sketches that will go toward improving your interiors. If you're reconfiguring your existing space (such as undertaking an extension or designing a kitchen), styling a room, or staging a home for sale or rent, this consultation will guarantee guidance for better flow and a designer look.

Interior design Premium

Bring exceptional design to life with my premium styling service, suitable for any room size. After a consultation which includes a comprehensive style questionnaire to understand your personal taste, you'll receive a beautiful presentation showing inspiring moodboard concepts for furniture and colour schemes, accurate 3D visualisations in colour showcasing real retailed furniture (see examples below) and an itemised list of furniture + accessories for your room that'll suit your budget.

Interior design Lite

Suitable for any room size, transformative interior design starts here. After a consultation which includes a comprehensive style questionnaire to understand your personal taste, you'll receive inspiring moodboard concepts for furniture and colour schemes, 2D furniture floorplans and an itemised list of furniture + accessories for your room that'll suit your budget.

Project management

Take away the headache of dealing with contractors and external suppliers, creating lighting plans and sourcing build materials plus furnishings from waste pipes and showerscreens to ottomans and bookshelves. Joined up with my interior design Premium service - whether for a bathroom or full house - this offer promises to make the process of an all-encompassing build less stressful for you. Please contact me for a quote.

an intro to my interior design work

Elegant interiors

I'm Faten M and I'm passionate about making interior design accessible. Whatever your personal style and budget, I'm confident my expertise in designing interiors will help transform your home and improve the quality of your life. My range of services include affordable space and flow planning for homes and individual rooms, styling, furniture schemes, staging for private property sales / new developments and end-to-end project management.

"Throughout the process, I found Faten to be extremely professional and organised."

Airbnb Premium host

"This lady is a space spinner. She completely transformed our bedroom to something we could never have imagined."

Homeowner

"Faten really listens. After seeing her plans, I finally began to see how my living room could be moulded to a stylish and creative, yet welcoming space."
